Schedule of benefits

This schedule of benefits (schedule) lists the **deductibles, copayments** or **payment percentage**, if any apply to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
 - For the **covered services** under your medical plan, you will be responsible for the dollar amount
 - For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount
- **Payment percentage** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **payment percentage** that your plan will pay.
- You are responsible to pay any **deductibles, copayments** and remaining **payment percentage**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every health care service. You pay the full amount of any health care service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits. They may be:
 - Based on a rolling, 12 month period starting with the date of your most recent visit under this planSee the schedule for more information about limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the *Using your Aetna benefits* section under Individuals & Families at <https://www.aetna.com/>

Important note:

Covered services are subject to the **deductible**, maximum out-of-pocket, limits, **copayment** or **payment percentage** unless otherwise stated in this schedule. The *Surprise bill* section in the booklet explains your protections from a surprise bill.

Under this plan, you will:

1. Pay your **copayment**
2. Then pay any remaining **deductible**
3. Then pay your **payment percentage**

Your **copayment** does not apply to any **deductible**.

How your deductible works

The **deductible** is the amount you pay for **covered services** each year before the plan starts to pay. This is in addition to any **copayment** or **payment percentage** you pay when you get **covered services** from an in-network **provider**. This schedule shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **covered services**. You will continue to pay **copayments** or **payment percentage**, if any, for **covered services** after you meet your **deductible**.

How your PCP or physician office visit cost share works

You will pay the **PCP** cost share when you get **covered services** from any **PCP**.

How your maximum out-of-pocket works

This schedule shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

Plan features

Deductible

You have to meet your **deductible** before this plan pays for benefits.

Deductible type	In-network
Individual	\$250 per year
Family	\$500 per year

Deductible waiver

There is no in-network **deductible** for the following **covered services**:

- Preventive care
- Family planning services – female contraceptives

Deductible and cost share waiver for risk reducing breast cancer prescription drugs

The **prescription drug deductible** and per **prescription** cost share will not apply to risk reducing breast cancer **prescription** drugs when obtained at a network pharmacy. This means they will be paid at 100%.

Deductible and cost share waiver for contraceptives (birth control)

The **prescription drug deductible** and per **prescription** cost share will not apply to female contraceptive methods when obtained at a network pharmacy. This means they will be paid at 100%. This includes certain OTC and generic contraceptive **prescription** drugs and devices for each of the methods identified by the FDA. If a **generic prescription drug** is not available, the **brand-name prescription drug** for that method will be paid at 100%.

The **prescription drug deductible** and cost share will apply to **prescription** drugs that have a generic equivalent or alternative available within the same therapeutic drug class obtained at a network pharmacy unless we approve a medical exception. A therapeutic drug class is a group of drugs or medications that have a similar or identical mode of action or are used for the treatment of the same or similar disease or injury.

Deductible and cost share waiver for tobacco cessation prescription and OTC drugs

The **prescription drug deductible** and the per **prescription** cost share will not apply to the first two, 90-day treatment programs for tobacco cessation **prescription** and OTC drugs when obtained at a network **retail pharmacy**. This means they will be paid at 100%. Your per **prescription** cost share will apply after those two programs have been exhausted.

Per admission copayment

Per admission copayment type	In-network
Per admission copayment	\$300 per admission

Maximum out-of-pocket limit

Includes the **deductible**.

Maximum out-of-pocket type	In-network
Individual	\$1,250 per year
Family	\$2,500 per year

General coverage provisions

This section explains the **deductible**, **maximum out-of-pocket limit** and limitations listed in this schedule.

Deductible provisions

The **deductible** may not apply to some **covered services**. You still pay the **copayment** or **payment percentage**, if any, for these **covered services**.

Individual deductible

You pay for **covered services** each year before the plan begins to pay. This individual **deductible** applies separately to you and each covered dependent. After the amount paid reaches the individual **deductible**, this plan starts to pay for **covered services** for the rest of the year.

Family deductible

You pay for **covered services** each year before the plan begins to pay. After the amount paid for **covered services** reaches this family **deductible**, this plan starts to pay for **covered services** for the rest of the year. To satisfy this family **deductible** for the rest of the year, the combined **covered services** that you and each of your covered dependents incur toward the individual **deductible** must reach this family **deductible** in a year. When this happens in a year, the individual **deductibles** for you and your covered dependents are met for the rest of the year.

Copayment

This is the dollar amount you pay for **covered services**. In most plans, you pay this after you meet your **deductible** limit. In **prescription** drug plans, it is the amount you pay for covered drugs.

Per admission copayment

This is the amount you are required to pay when you or a covered dependent have a **stay** in an inpatient facility.

Payment Percentage

This is the percentage of the bill you pay after you meet your **deductible**.

Maximum out-of-pocket limit

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments, payment percentage** and **deductible**, if any, for **covered services**. **Covered services** that are subject to the **maximum out-of-pocket limit** include those provided under the medical plan and the outpatient **prescription** drug plan.

Individual maximum out-of-pocket limit

- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of you must meet your **maximum out-of-pocket limit** separately.
- After you or your covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit

After you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the remainder of the year for all covered family members. The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members.

To satisfy this **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

If the **maximum out-of-pocket limit** does not apply to a **covered service**, your cost share for that service will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-**covered services** which are identified in the booklet and the schedule

Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of **covered services** on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the booklet.

Prescription drug – outpatient maximum out-of-pocket limit provisions

Covered services that are subject to the **maximum out-of-pocket limit** include **covered services** provided under the medical plan and the **prescription** drug plan.

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments, payment percentage** and **deductible**, if any, for **covered services**. This plan may have an individual and family **maximum out-of-pocket limit**.
