## Schedule of benefits

---

This schedule of benefits (schedule) lists the **deductibles**, **copayments** or **payment percentage**, if any apply to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

### How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
  - For the **covered services** under your medical plan, you will be responsible for the dollar amount
  - For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount
- **Payment percentage** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **payment percentage** that your plan will pay.
- You are responsible to pay any **deductibles**, **copayments** and remaining **payment percentage**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every health care service. You pay the full amount of any health care service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits. They may be:
  - Combined limits between in-network and **out-of-network providers**
  - Separate limits for in-network and **out-of-network providers**
  - Based on a rolling, 12 month period starting with the date of your most recent visit under this planSee the schedule for more information about limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

#### Important note:

**Covered services** are subject to the **deductible**, maximum out-of-pocket, limits, **copayment** or **payment percentage** unless otherwise stated in this schedule. The *Surprise bill* section in the booklet explains your protections from a surprise bill.

### How your deductible works

The **deductible** is the amount you pay for **covered services** each year before the plan starts to pay. This is in addition to any **copayment** or **payment percentage** you pay when you get **covered services** from an in-network, **out-of-network provider**. This schedule shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **covered services**. You will continue to pay **copayments** or **payment percentage**, if any, for **covered services** after you meet your **deductible**.

### How your PCP or physician office visit cost share works

You will pay the **PCP** cost share when you get **covered services** from any **PCP**.

### How your maximum out-of-pocket works

This schedule shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

## **Contact us**

We are here to answer questions. See the *Contact us* section in your booklet.

This schedule replaces any schedule of benefits previously in use. Keep it with your booklet.

## Plan features

### Precertification covered services reduction

This only applies to **out-of-network covered services**:

Your booklet contains a complete description of the **precertification** process. You will find details in the *Medical necessity and precertification* section.

If **precertification** for **covered services** isn't completed, when required, it results in the following benefit reduction:

- A \$100 benefit reduction applied separately to each type of **covered service**

You may have to pay an additional portion of the **recognized charge** because you didn't get **precertification**. This portion is not a **covered service** and doesn't apply to your **deductible** or **maximum out-of-pocket limit**, if you have one.

### Deductible

You have to meet your **deductible** before this plan pays for benefits.

Deductible type	In-network	Out-of-network
Individual	\$2,500 per year	\$5,000 per year
Family	\$5,000 per year	\$10,000 per year

### Deductible waiver provisions for preventive prescription drugs

No **deductible** will apply to preventive covered **prescription** drug expenses:

#### Preventive:

Preventive drugs as defined in guidance issued by the U.S. Department of the Treasury and Internal Revenue Service (IRS) for Health Savings Accounts (HSAs) and qualified High Deductible Health Plans (HDHPs). This list will be reviewed periodically and is subject to change as federal guidelines change.

### Maximum out-of-pocket limit

Includes the **deductible**.

Maximum out-of-pocket type	In-network	Out-of-network
Individual	\$4,000 per year	\$8,000 per year
Family	\$8,000 per year	\$16,000 per year

## General coverage provisions

This section explains the **deductible**, **maximum out-of-pocket limit** and limitations listed in this schedule.

### Deductible provisions

**Covered services** that are subject to the **deductible** include those provided under the medical plan and the **prescription** drug plan.

**Covered services** apply to the in-network and out-of-network **deductibles**.

The **deductible** may not apply to some **covered services**. You still pay the **copayment** or **payment percentage**, if any, for these **covered services**.

### **Individual deductible**

You pay for **covered services** each year before the plan begins to pay. After the amount paid for **covered services** reaches this individual **deductible**, this plan starts to pay for **covered services** for the rest of the year. The individual **deductible** applies to a person who is enrolled for self-only coverage with no dependent coverage.

### **Family deductible**

You and your covered dependents pay for **covered services** each year before the plan begins to pay. After the amount paid for **covered services** reaches this family **deductible**, this plan starts to pay for **covered services** for the rest of the year. The family **deductible** applies to a person enrolled with one or more dependents.

### **Copayment**

This is the dollar amount you pay for **covered services**. In most plans, you pay this after you meet your **deductible** limit. In **prescription** drug plans, it is the amount you pay for covered drugs.

### **Payment Percentage**

This is the percentage of the bill you pay after you meet your **deductible**.

### **Maximum out-of-pocket limit**

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **payment percentage** and **deductible**, if any, for **covered services**. **Covered services** that are subject to the **maximum out-of-pocket limit** include those provided under the medical plan and the outpatient **prescription** drug plan.

**Covered services** apply to the in-network and out-of-network **maximum out-of-pocket limit**.

### **Individual maximum out-of-pocket limit**

After the amount of the cost share and **deductible** paid during the year for **covered services** meets the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for you for the remainder of the year.

### **Family maximum out-of-pocket limit**

After the amount of the cost share and **deductible** paid during the year for **covered services** meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the rest of the year.

For the purposes of the **maximum out-of-pocket limit** provision:

- The individual **maximum out-of-pocket limit** applies to a person enrolled for self-only coverage with no dependent coverage
- The family **maximum out-of-pocket limit** applies to a person enrolled with one or more dependents

If the **maximum out-of-pocket limit** does not apply to a **covered service**, your cost share for that service will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-**covered services** which are identified in the booklet and the schedule
- Charges, expenses or costs in excess of the **recognized charge**

## **Limit provisions**

**Covered services** will apply to the in-network and out-of-network limits.

## **Your financial responsibility and decisions regarding benefits**

We base your financial responsibility for the cost of **covered services** on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the booklet.

## **Prescription drug – outpatient deductible provisions**

**Covered services** that are subject to the **deductible** include **covered services** provided under the medical plan and the **prescription** drug plan.

The **deductible** may not apply to certain **covered services**. You still pay the **copayment** or **payment percentage**, if any, for these **covered services**.

The deductible applies to all prescription drug covered services except generic and formulary brand prescription drug provided by network pharmacy.

## **Prescription drug – outpatient maximum out-of-pocket limit provisions**

**Covered services** that are subject to the **maximum out-of-pocket limit** include **covered services** provided under the medical plan and the **prescription** drug plan.

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **payment percentage** and **deductible**, if any, for **covered services**. This plan may have an individual and family **maximum out-of-pocket limit**.
