Schedule of benefits

This schedule of benefits lists the **eligible dental services**, office visit **copayments**, maximums, and any limits that apply to the services you get under this plan.

How to read your schedule of benefits

- When we say "in-network coverage" we mean that you get care from **network providers**.
- You must pay any office visit copayment and your part of the copayment.
- You must pay the full amount of any dental care services you get that is not a covered benefit.
- This plan also has limits for some **covered benefits**. For example, these could be visit limits. See later in this schedule of benefits for more information about limits.

Important note:

All **covered benefits** are subject to an office visit **copayment** and **copayment** unless otherwise noted in the schedule of benefits below.

How to contact us for help

We are here to answer your questions:

- Register and log onto our self-service website available 24/7 at https://www.aetna.com/
- Call us at 1-877-238-6200

Aetna Dental Inc.'s group agreement provides the coverage described in this schedule of benefits. This schedule replaces any schedule of benefits previously in use. Keep it with your certificate of coverage.

General coverage provisions

This section explains the:

• Temporomandibular joint dysfunction/disorder (TMJ) lifetime maximum

Temporomandibular joint dysfunction/disorder (TMJ) lifetime maximum

This maximum is the most the plan will pay for **eligible dental services** that you incur during your lifetime for the treatment of **TMJ**. You are responsible for any amounts above this maximum.

Your financial responsibility and determination of benefits provisions

Your financial responsibility for the cost of services is based on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment that occurs in more than one **Calendar Year**. Determinations regarding when benefits are covered are subject to the terms and conditions of the certificate of coverage.
